Boating Mishaps Strand Two, Injure One

Two Madison Men Swim
To Safety after Craft
Sinks in Alton Lake

A soldier from Texas lost his life, two Madison men narrowly escaped drowning and another man was seriously injured in boating mishaps occurring during the Memorial Day Holiday weekend that brought out record numbers of picnickers, boaters and boating enthusiasts in the Quad-City area.

The two Madison men who swam to safety when their boat capsized after being swamped by another craft near Eagles Nest Island of Alton Lake were Richard Orr, 42, of 2106 Troy street, Madison, and Charles Kolter, 28, of 2023 Third street, Madison. Army Private William Martin, 22, of McKinney, Texas, stationed at the 48th Artillery, 1st Missile base, drowned in the accident. The mishap occurred at 2 p.m. Friday. Martin's boat was recovered at 1:30 p.m. Saturday by members of the Alton Emergency Squad who located it about 1500 yards from where the boat was swamped. The body still was in the submerged boat.

The soldier had stopped to assist Orr and Kolter who ran out of gas on the road near the Alton Harbor, according to report by a member of the emergency squad. Martin was invited by the two men to accompany them on a boat ride. The three were riding in an 11-foot aluminum boat powered by a 13-horsepower motor.

Swam to Islands

After being swamped, Kolter and Orr swam to nearby islands. Orr was picked up by the coast guard patrol boat about two miles downstream and Kolter was rescued by passing boatmen on another island. Rescue and emergency corps from Alton, Wood River, Grafton, Ellettsburg, the Coast Guard, sheriff's office and the State Department of Conservation took part in the search for Martin.

In the other boating accident, James Massey, 26, East St. Louis, was severely cut about the face and received abrasions to his left shoulder and left arm at 12:30 p.m. Monday while water skiing on Horseshoe Lake. Massey was admitted to St. Elizabeth Hospital here after receiving 45 sutures in the forehead, nose and left eye in the emergency room.

Arlington Murder Trials Start Today For Two Nicholls

Juries were being selected as two separate murder trials in the Arlington golf course case started today in Madison county circuit court at Edwardsville. The defendants are Ernest L. Nicholls, 48, of Old Lane road, Edwardsville, and his son, Charles Nicholls, 21, of 2728 Dale avenue. A third defendant in the case, Paul David Kelly, son of Mitchell, the elder Nicholls' brother-in-law, received a continuance until June 28.

His trial also was scheduled for today, but Circuit Judge Joseph J. Barr granted the continuance requested by Robert Frone, public defender, to prevent a heavy duress on jurors. The three are charged in the fatal shooting of Aaron Legett, 36, a maintenance man at the golf course, May 19, because of alleged attentions being paid to his wife.

Conducting the trials are Associate Judge Austin Lewis in the case of the elder Nicholls and Associate Judge Fred P. Schuman for Charles Nicholls. Prosecutors are State's Atty. Joseph Baaylak, an Asst. State's Atty. John Gitchco.

Blaze in Closet Causes \$1500 Loss At Apartment Bldg.

Weekend blazes including one last night caused an estimated \$3000 damage in Granite City. Last night's 8:30 alarm was for an apartment at 2039 Chicago and Blvd., owned by Shelby Davis, 2014 Egan avenue, and firemen set the loss at \$1500 to wiring and plumbing and loss of contents.

The fire, which was blamed on a short circuit in wiring, broke out in a closet in an unoccupied second floor apartment. The blaze was confined to the closet. The West Granite firemen also were dispatched to the scene.

About 9:30 a.m. Sunday, a 1964 auto owned by Tom Neph, 2807 Warren avenue, caught fire in front of his home and the fire was a total loss amounting to \$1500. It is believed the blaze started in the back seat. Last Friday morning, firemen went to the 1900 block of Maple street where the son in a 1959 truck was blazing. The loss was set at \$25. Firemen said the truck belonged to Carol Anderson.

Visiting Hours Extended At St. Elizabeth Hospital

An extension of visiting hours on the surgical floor at St. Elizabeth Hospital was announced today by Sister Mary Thomas, administrator.

The new hours will be from 10 a.m. to 8 p.m. on both the surgical and medical patient floors. In the obstetrics department, the hours are from 2:30 to 3:30 p.m. and from 7 to 8 p.m., and in the pediatrics department, the hours for visitors are from 11 a.m. to 8 p.m.

Sister Thomas said a trial period was conducted for 11 a.m.

Burglars Get \$2000 In Tools At Garage

4 House Burglaries,
Other Thefts in Area
Over Long Weekend

An auto repair garage in Granite City was looted of tools and equipment valued at more than \$2000, and eight other thefts were reported to local police over the long holiday weekend.

Among the thefts were burglaries of four homes. Equipment worth about \$2000 was stolen from Ted's Auto Repair shop, 2540 Washington avenue. It was reported to police Saturday morning by Ted Berger, owner of the shop.

A portable television set, \$10 in coins from a piggy bank and an assortment of clothing were stolen from the room of Robert Prather, 945 N. Washington street. It was reported to police Sunday morning by Prather. The room was burglarized by a man who was gained by breaking a rear window.

TV set, \$10 stolen

Two small boys, five and six years old, returned to police a number of photographs of their mother, Mrs. Shirley Davis, 2014 Egan avenue, who they had taken Sunday from the home of Mrs. Flora Hurt, 863 Jackson street, West Madison. The boys were arrested and taken to a basement window. The boys were apprehended a short time after the theft was reported.

Books of Coins Stolen

Alice Earls, 908 West 21st street, reported at 9:55 a.m. Friday that someone stole four books of coins from a suitcase in her home plus \$3 or \$4 from the home.

The coins included a \$1 book of pennies, a \$3 book of nickels, a \$3 book of dimes plus a book of coins listing the letter "S." There was no forced entry.

Half-Hour Tieup Sunday At Broadway Crossing

Venice police received two complaints Sunday morning of a lengthy tieup at the Broadway railroad crossing that lasted 30 minutes. A police car was dispatched to the scene at 10:05 a.m. after the complaints were received, and the crossing was not cleared until 10:30.

The yardmaster for Wabash Railroad was telephoned by police and he reported there was a jam-up in the rail yards.

Retail Stores Will
Open This Evening

Retail stores, members of the Associated Retailers, will be open this evening until 8:30. The switch to Tuesday was made because of yesterday's observance of the Memorial Day holiday.

LIFESAVING ACTION by Granite City Fireman George Smolich was given special recognition yesterday morning in a ceremony at the Nenehoki fire station with the presentation of a National ARC certificate by Gerald G. Walters, chairman of the Tri-City Red Cross chapter. Left to right—Mrs. Floyd Chappell, holding her three-month-old daughter, Tina Marie, who was revived by Smolich April 7 with mouth-to-mouth resuscitation; Smolich, Walters, and the infant's father.

Blast Furnace Strike Deadline Being Extended

Threat of a strike at Granite City Steel Co. blast furnaces by members of Local 50 of the AFL-CIO Chemical Workers union was averted last night with a contract extension offer that will be voted on Thursday and Friday. The contract, which includes the blast furnace department only, was to expire at midnight Monday for the 950 members of the union.

McBride Takes Office
As District Director

Lloyd McBride, former sub-city director of the United Steel Workers of America, was in Pittsburgh, Pa., today to take office along with ten other men as new district directors. McBride was elected director of district 34 without opposition in the Feb. 9 balloting that ended the 12-year term of David J. McDonough as president of the district.

The ceremonies in Pittsburgh today were planned to inaugurate the new district directors.

Bullet Grazes Scalp
In Struggle Over Gun

John Smith, 36, of 810 Washington street, East Madison, was given emergency treatment at St. Elizabeth Hospital about 11 p.m. Saturday after being injured accidentally from a .38 caliber revolver he grazed the right side of his head.

Venice police said Smith had gone to the home of Carl Lee, 1105 Bissell street, to get the gun he had "for the Jones."

The Jones was a man who appeared to be drunk and was trying to keep him from getting the gun when it went off and the bullet grazed his scalp. No charges were filed.

National ARC Certificate For Fireman Who Saved Baby

Honors were bestowed yesterday on a Granite City fireman who last April 7 was credited with saving the life of a two-month-old baby with mouth-to-mouth resuscitation.

Fireman George Smolich, who was on duty yesterday morning at the Nenehoki road station—just as he was on April 7—was visited by the now-healthy infant, Tina Marie Chappell now 3½ months old, her parents, Mr. and Mrs. Floyd Chappell, of Old Alton road, Mitchell, and Gerald G. Walters, chairman of the Tri-City Chapter of the American Red Cross.

Smolich, who lives at 3706 Fair Oaks drive, was presented with a Certificate of Recognition by Walters in a brief ceremony staged at the fire station.

"Extraordinary Action"

The certificate states: "To George E. Smolich for extraordinary personal action in saving the life of a baby Tina Marie Chappell when on April 7, 1965, he applied mouth-to-mouth artificial respiration."

Mrs. Chappell recalled that she was home with her infant and her husband was at work as a switchman for Terminal Railroad Association in the Madison yards when Tina Marie became ill and started to turn blue.

She prevailed upon a neighbor to take her and the baby to the hospital, but the baby's condition worsened.

The anxious mother asked the neighbor to stop at the Nenehoki road station. However, since it was an inhibitor at that station, an immediate call was placed for the emergency vehicle from the main station at 23rd street and Madison avenue.

Smolich, during the wait, began to apply mouth-to-mouth resuscitation after the infant had been placed on the floor of the station house near the fire truck.

The infant was showing signs of recovering and her color was disappearing when the ambulance arrived and was placed in operation. She was crying and beginning to breathe regularly when taken to St. Elizabeth Hospital for treatment.

From there the infant was taken to Children's Children's Hospital, St. Louis, and was a patient three weeks before returning home. Mrs. Chappell said her infant had been hurt in a fall at home a few days before the incident. At the time, no charges were filed.

Holiday Traffic Toll—14 Hurt In 29 Accidents

Hundreds of Nails
In GC Motorists' Tires

Edmond King, 1420 Edwardsville road, has the record of the pulling for a manufacturer of puncture proof tires.

Friday afternoon, King made a discovery and drove his auto to the Granite City Police station as proof of his story that he had hundreds of new roofing nails in the tires.

The investigating policeman examined all four tires of the 1962 Buick. Even the "loaded with nails." The officer commented, "It looked like someone either had carefully spread the nails on a street or maybe he could have hammered them into the tires." King said he didn't know where he picked them up. Police said he was notified Thursday afternoon that a taxicab had three flat tires on 19th street—also from roofing nails.

Village Board
Oks Committees,
Studies St. Names

Committee appointments for the village board were approved Thursday night by the Pontoon Beach village board of trustees, which also considered a brief report recommending name changes for several village streets.

The trustees met in regular session in the Long Lake fire department recreation hall on Thursday afternoon.

Village President Thomas L. Stalcov appointed the following committees: Ordinance, Larry Enns; Richard Jones and Tony Jackson; street—Otto Kreier, Jackson and Jones; finance—Donald McNew, Enns and Jones; police—McNew, Jackson and Kreier; and board of health—Stalcov, Kreier, McNew and Enns.

No chairman were designated for the individual groups. Trustee Enns, a former member of the street committee, reported that a preliminary survey of the village area which bears similarity to each other, or which conflict with names of streets in other communities of the Quad-Cities. He added that the study is being continued and a recommendation on 29 new street names will be presented at a future board session.

Continuing names mentioned, which appear to conflict with other streets and delivery men, included Lakeview drive, East Lake drive, Lakeview drive, South drive, South drive, and South drive. The Enns also listed B street, which Enns explained is sometimes confused with Benton street in Granite City. He added that any changes recommended will be kept to a minimum.

Two Persons Injured

Two persons were injured when a car driven by William E. Hanselman, East Alton, apparently missed a stop sign on 17th street and struck a car driven by Robert Kelley, 42, of 2823 Sunset drive, May 30, Thursday, at 2:30 p.m. The car was a 1964 Dodge, and a passenger, Ellis Matthews, 60, of 2427 Illinois avenue, were injured in the collision.

Hanselman was charged with failure to yield the right-of-way. An auto passenger suffered minor injuries Friday evening in a two-auto collision on Nenehoki road near Johnson road. Injured was Lucy Canmore, 32, of 2024 Grand avenue, a passenger in a car driven south by Harvey Canmore, 33, of 2024 Grand avenue.

Police said Canmore was halted at the stop sign. (Continued on page 2, col. 6)

MEMORIAL DAY SERVICES on the lawn of Venice-Madison American Legion Post 307 Sunday afternoon. Judge George Moran was the principal speaker. On the left are the parade marshal, Fred Honerkamp, (Other pictures on page 14).

Meaning of Memorial Day Stressed by Judge Moran at American Legion 307 Services

The meaningful purpose of Memorial Day was stressed by Judge George Moran, a war II Navy veteran who addressed a crowd of several hundred persons in Sunday afternoon's ceremony at the American Legion 307, 2024 Grand avenue, in the Madison-American Legion Post 307.

His talk was preceded by a conducted by Sarah Jane McWright ceremony at the Madison Evers Tent 90, Daughters of Memorial Center on Seventh Union Veterans of the Civil War street and a parade through War.

Judge Moran was introduced earlier in the day at 9 a.m. by Dr. John E. Lee, mayor of a wreath ceremony was held at Venice. The ceremony was made because of yesterday's observance of the Memorial Day holiday.

The National Anthem played by the Madison high school band was not in vain; I fought and a prayer by Rev. Harry died for a noble cause; I fought Colquhoun, pastor of the Madison, that all humanity would not be enslaved by the bodies and minds of the dead.

Maras of Madison also was in to enslave the bodies and minds of the dead by Fred Honerkamp, of all free men.

Tribute to John Kennedy

Judge Moran also spoke of the late John F. Kennedy, who had said in his address, Judge Moran: "I will tell you what I believe this occasion means to us. As we stand here with the sun on our faces, we first want to say to the families of our war dead, to the wives and sweethearts, to the fathers and mothers and the sisters and the brothers; we want to say we know the deep sorrowful wound that was made in your hearts when you heard that you had lost one who had been so near and dear to you."

"We know the hurt is still there and that on occasions such as this it flares up and brings mist to your eyes. We know that everyone who has had this happen must have said to himself or herself—Was this sacrifice really necessary? Was this really necessary?"

"But when you ask this question, 'We already know the answer. There is a noble spirit in the heart of Americans which on great occasions allows them to put their God and country before their individual aims and desires. Those who have given their lives would say, 'No, my death

Gerald Stucke, 48, Dies; Ill 5 Years

Gerald L. Stucke, 48, a life-long resident of Granite City, died at 1 p.m. Thursday at St. Elizabeth Hospital, where he had been a patient 14 hours.

An intermittent patient at the Madison County Tuberculosis Sanatorium, Edwardsville, for the past five years, Mr. Stucke became increasingly ill within the last three weeks. An autopsy was performed.

Prior to his illness, he was employed as a clerk for five years at General Steel Industries. He was a member of American Legion Post 280, at Benton, Ill.

He is survived by a son, Kerry Karl Stucke, of Madison, a daughter, Miss Dottie Sue Stucke of Belleville; two brothers, Donald and Kenneth Stucke of Granite City; and three sisters, Mrs. Neva Wertha, Mrs. Orla Vee Nix and Mrs. Edna (Marian) Hartley, all of Granite City.

Funeral services were held Saturday. Other details are given in today's obituary column.

Burglars

(Continued from Page 1.)

Burglars forced their way through the exhaust fan on the roof of Alright Cleaners, 2209 Madison avenue, during the night and took \$34 from the cash register. A desk was ransacked. They left through the rear door of the boiler room.

Theft of a 1959 black, four-door auto from a Granite City Steel Co. parking lot between 6:30 a.m. and 3 p.m. Friday was reported to Granite City police by Gerald Golin of Edwardsville.

Thieves entered the unlocked garage of Orlean Earhart, 2501 Center street, and stole two whitewall tires, it was reported to police Saturday.

Break-In No Burglary

A break-in discovered about 1:30 p.m. yesterday at Diamond Plating Co., 22nd and Monroe streets, was no burglary, it was learned from a company spokesman. It seemed a worker had left an unidentified item in the plant and to get it went over the roof, through the skylight and then broke a glass in the boiler room door.

Police noted that the intruder had left through an elevator door that could be opened only from the inside. No further comment was available from the company spokesman.

Venice police are continuing an investigation of a \$70 robbery reported Saturday morning by a St. Louisan, Russell Lomax, who was brought to the station from Brooklyn by two men he had met.

Lomax said his 1957 auto also had been taken. Police accompanied him to Brooklyn and found the car about 100 feet from a night club. The officers said Lomax had the keys in his possession and also had his watch and wallet.

Mother of Werner Born Dies in Oregon

Mrs. Minna Born, 79, of Ashland, Ore., died Friday at a nursing home at Ashland, where she had been a patient since suffering a series of strokes. She was the mother of Werner Born, 3218 Route 131 near Road 700, near a dead-end street and alley or intersect the yards of certain ways.

Mrs. Ruth Budke, 2929 Cayuga street, who is among the group of people are named in reports that the highway, in some instances, will cut through the yards of some homes, that there will be no fencing and that the highway will be wide open to create a hazard for children.

City and highway officials will be asked for the answer to questions concerning the problem. A registered letter was sent last Thursday to Robert Kronst, district engineer of the Illinois Highway department, office at French Village. Kronst said he received the letter asking him to attend the meeting, and that he will either attend the meeting himself or send a highway representative authorized to speak for the department.

Mayor Donald Partney of Granite City has assured the group he will attend. Mrs. Budke said. Approximately 120 persons are expected to attend from the neighborhood, and everyone is invited to attend, she added.

"We want information and we want to be sure we'll be able to live as we always have without dead-end alleys and streets," Mrs. Budke said.

The group also is to seek information on reports that persons living on the west side of Scott highway, which will dissect several streets such as Denver on West 20th, will not be furnished with utilities.

License Plates Stolen

W. R. Hawkins, 2732 West 20th street, reported to police Friday that his auto license plates were stolen from the rafters of his back porch. Hawkins told police he had sold his auto and stuck the license plates in the porch rafters. He said they were numbered MH 3521.

Seven Men Injured As Concrete Roof Falls at SWIU Site

Seven workmen were injured when freshly poured concrete collapsed on the top deck of the communications building at the Southwestern Illinois University construction site at 2:45 p.m. Friday. The workers were from the Alton-Edwardsville area.

None was hurt seriously, but four of the workmen, laborers employed as cement finishers, suffered fractures. Another workman walked away unscathed after "riding" the concrete and supporting forms down to the floor, a distance of more than 30 feet.

About a dozen ambulances were at the scene, including two from the Quad-Cities, and the victims were taken to St. Joseph's Hospital in Alton.

The Fruin-Colman Construction Co., which is erecting the building, said a tubular scaffold tower supporting the concrete formwork, apparently, caused the weight of the poured concrete to shift to the surrounding concrete walls, which then gave way.

The workmen were spreading concrete on a 20 x 20 foot section of the top deck of the building when the accident occurred. They were within 20 minutes of completing the job. No workmen were under the section when about 30 tons of concrete gave way.

Other employees at the construction project came to the rescue, digging the men from the concrete debris.

The building is one of five being constructed at the new campus site. So far four construction workers have been killed on the project.

W. Granite Group To Get Data on Great River Road

Residents of West Granite and Lincoln Place will meet with city and state highway officials in the evening at 7 p.m. Thursday to determine the extent to which right-of-way for the new F-155 Road will be needed to clear dead-end streets and alleys or intersect the yards of certain ways.

Mrs. Ruth Budke, 2929 Cayuga street, who is among the group of people are named in reports that the highway, in some instances, will cut through the yards of some homes, that there will be no fencing and that the highway will be wide open to create a hazard for children.

Boating

(Continued from Page 1.)

Massy was injured when a companion, operating the boat behind which Massy was sking, maneuvered too close to shore before making a turn. Massy was forced to turn loose of his rope and was thrown into rip-rapping along the lake shore.

Parks Crowded

Hundreds of Quad-Cityans sought to avoid traffic congested highways and possible accidents yesterday and thronged to Venice Lake Park and Granite City's Wilson Park for family and group picnics. Granite City Supt. of Parks Harold Brown reported all shelter areas and picnic tables were occupied from early morning until the evening hours throughout the long weekend.

A total of 1166 swimmers used the park pool over the three-day Memorial Day holiday, the highest number of 827 turning out yesterday afternoon. Although breaking the weekend record, Brown explained that cool weather Saturday and Sunday probably kept down attendance at the swimming pool and no records were broken for the first weekend of the summer season.

More than 1500 swimmers who yesterday jammed Paddlers Cove Club, 2121 Johnson road, shattered previous attendance records for a single day, it was announced by Keith Parker, pool manager, who said a total of 2200 members and guests used the private swimming pool during the three-day holiday weekend.

In the peak afternoon hours, Parker said, it became necessary to limit swim periods to about 20 minutes for various age groups. He added that business at the club's concession stand and the number of guests present, also broke all previous records for the pool's nine years of operation. All other park facilities in the area were taxed to the limit by the turnout.

Computer Gives Second Salutatorian for GCHS

An electronic computer gave Granite City high school a co-salutatorian when senior grades were run through the machine and the tabulation became known officially last Friday night.

Principal Lawrence McCauley announced Saturday morning the co-salutatorian for the 71st member senior class is Robert Dorch, son of Mr. and Mrs. Orman Dorch, 2508 Warren avenue. He is sharing the honors with Miss Glenda Alford, daughter of Mr. and Mrs. James Alford, 2152 Orville avenue.

The class valedictorian, Miss Gloria Lucille Chaban, daughter of Mr. and Mrs. Paul Chaban Jr., 1409 Rhodes street, and the salutatorian winner had been announced at the senior recognition assembly on May 19. At that time Dorch was honored with the American Legion award.

He since has been enrolled as a member of the National Honor Society.

STORY BOOK CHARACTERS were portrayed by members of the Frabard school PTA Brownie Troop 730 on a visit to the Granite City public library Thursday afternoon.

Boy's Arm Broken In Fall at Picnic

Gerald Ray Connor, a third grade pupil at Washington school suffered a fractured left arm Thursday afternoon while attending his school's annual picnic at Wilson Park. His mother, Mrs. Albert Connor, said the eight-year-old boy told her he was kicked off a sliding board by another child and fell to the ground injuring his arm. He was given treatment at St. Elizabeth Hospital and released.

Also given treatment Thursday for a fractured right arm was Darlene Snyder, 7, daughter of Mr. and Mrs. Gerald Snyder, 2823 Denver street, who stumbled over a ladder while playing at home. Darlene also attended Washington school, where she is in the second grade.

Others who received treatment in the hospital emergency room were Cheryl Shorey, 2½, daughter of Mr. and Mrs. Dale Shorey, 1547 Fourth street, Madison, who underwent x-ray after she swallowed a hairpin; William Mosier, 22 months, son of Mr. and Mrs. William Mosier, 1713 Walnut street, who had six sutures applied to a lacerated lower lip which he incurred in a fall down basement steps.

A broken sewing machine needle was removed from the left index finger of Charlotte Heiman, 1½, daughter of Mr. and Mrs. Sherlin Heiman, 1412 Oakland avenue; and a laceration was given to Barbara Hodge, 3, daughter of Mr. and Mrs. Chester Hodge, 2634 Highway 67, who had consumed four adult aspirin and several baby aspirin. All were released.

Woman Marine Rehms Now is Lance Corporal

Nancy A. Rehms, daughter of Mr. and Mrs. Henry J. Rehms of 2538 Edwards street, recently was promoted to her present rank while serving at the Marine Corps Recruit Depot, Parris Island, S. C.

Her promotion was based on time in service and rank, military appearance, and her knowledge of selected military subjects. Corporal Rehms is assigned duties with Service Company, Headquarters, and Service Battalion. A graduate of Granite City high school, she entered the Marines in June 1964.

IRS Says Delay Paying Tax on Coin Machines

Jay G. Philpott, district director of Internal Revenue for central and southern Illinois, said today that Special Tax Returns, Forms 11-B, for the fiscal year 1966 were recently mailed to taxpayers of record in this district.

However, there is a possibility that the Excise Tax Reduction Bill of 1965 will repeal the occupational tax on bowling alleys, pool tables, and coin-operated amusement devices effective July 1, 1965. This legislation does not include relief of the tax on gaming devices.

Philpott urged all taxpayers subject to tax on bowling alleys, pool tables, and coin-operated amusement devices to delay sending remittances or filing Forms 11-B pending the final disposition of this bill. Further information will be forthcoming.

Alton State Hospital Appoints Pathologist

A pathologist and histology technician have been added to the medical staff at Alton State Hospital, according to announcement by Dr. Abraham Simon, superintendent.

The appointment of Dr. Alex G. Zechy of Yankton, S. D., represents another step toward accreditation. Dr. Simon said. National Sanction by the Joint Commission on Accreditation of Hospitals is given when hospitals meet high-standard operational requirements.

Dr. Zechy has assumed responsibility for all clinical, bacteriological and pathological procedures. The assignment entails supervision of six laboratory technicians. He also will conduct medical conferences for the staff.

1930 EDITION GL 2-3131

MRS. JOHN M. BALDUS, Before her wedding Saturday at St. Peter Lutheran Church in East St. Louis she was Delight Landwehrmeyer, a daughter of Mr. and Mrs. Ervin Landwehrmeyer, 2111 Collinsville road, Madison.

Miss Delight Landwehrmeyer, John Baldus Exchange Vows

Miss Delight A. Landwehrmeyer, daughter of Mr. and Mrs. Ervin H. Landwehrmeyer, 2111 Collinsville avenue, Madison, became the bride of John M. Baldus, son of Mr. and Mrs. John G. Baldus, who reside at 9802 Bunkum road, East St. Louis, Saturday evening at 7 p.m. Rev. Arthur H. Zschneider heard the vows at St. Peter's Lutheran Church in East St. Louis.

The bride, Miss Delight Landwehrmeyer, wore a floor-length gown of imported silk organza. The fitted bodice, trimmed at the sweetheart neckline with res-embroidered flower appliques and tiny seed pearl beading, swept into a chapel train accented in back with a large organza bow and streamers. A forward train of organza flowers edged with pearls secured the rolled edge, bouffant veil of pure silk illusion. The bride carried a white orchid with cascades of Stephanotis and ivy.

The maid of honor, Miss Deanna Minkert and bridesmaids, Mrs. David Janowski and Miss Barbara Seiders, wore floor-length gowns of powder blue nylon organza over taffeta. The fitted bodices, fashioned with scoop necklines and elbow-length sleeves, featured vertical panels of matching embroidered flowers to the hemlines of the controlled skirts. Matching flower headpieces trimmed with illusion leaves secured bouffant veils. Yellow spider mums with yellow ribbons made up the bouquets carried by the attendants.

Gaylene Landwehrmeyer, a sister of the bride, flower girl, wore a floor-length gown of white organza over taffeta with an oval neckline and short sleeves. The empire waistline was accented with a tiny velvet bow and floral embroidery down the front of the skirt. A miniature replica of the combined bridal and bridesmaids bouquets was carried, together with white pom-poms and Stephanotis.

Jeffrey Diefenbach, cousin of the bride, served as ringbearer. The groom chose Dennis Davenny, his cousin, for the best man with Ralph Murphy and William Gledeman as groomsmen.

George Tirpak, a friend of the groom, and Henry Reimler, godparent of the bride, seated the guests as they arrived at the church.

Mrs. Landwehrmeyer, the bride's mother, was attired in a light blue linen dress and a matching jacket. A long hot and white accessories complemented the attire.

Mrs. Baldus chose a navy blue embroidered lace dress over beige and matching accessories. Both mothers wore an orchid corsage.

The reception was held at the Knights of Columbus Hall in Belleville of Miss Carol Ann Craig and Eugene E. Hart, a teacher in the Madison junior high school.

MRS. EUGENE E. HART, a bride of Saturday. Before her wedding she was Carol Ann Craig of Belleville, a teacher in the Madison junior high school.

Miss Carol Ann Craig and Eugene E. Hart are Wed

An out-of-town wedding of interest here was that Saturday at First Christian Church in Belleville of Miss Carol Ann Craig and Eugene E. Hart.

The bride, a daughter of Mrs. Craig of Unionville, Mo., has been teaching in the Madison junior high school. Mr. Hart, a graduate of the University of Michigan, is a graduate of the University of Michigan.

The Rev. Howard Thumore officiated at the 8 o'clock ceremony in a setting of white flowers and greenery.

Musical service was furnished by Mrs. Paul Towers, organist, and Mrs. Valerie Stevens, vocalist.

Given in marriage by her uncle, Oval Craig, the bride wore a gown of pure silk organza designed with a raised waistline and a sweetheart neck. Embroidered Venice lace enhanced the waistline and the neck and bordered the very full, detachable train. The sleeves were long, tapering to points at the hands. An organza cabbage rose trimmed with pearls secured the bride's six-tiered bouffant veil of silk illusion and she carried a white Bible topped with gardenias and trailing strands of Stephanotis.

In the wedding party was a matron of honor, Mrs. Dean Funk, two bridesmaids, Mrs. Don Traube and Mrs. Charles W. Stone, and a junior maid, Kimberly Blackston. They wore identical millerina-length mint green lace sheath dresses with scoop necklines and elbow-length sleeves. Floor-length pean de soie overskirts were accented in the back with vertical bows and all wore matching picture hats trimmed with velvet bows and streamers. All held wicker baskets of green pom-poms and carnations tied with green ribbon.

The wedding reception was held at the Greek Orthodox church hall in East St. Louis.

The bride, a daughter of Mr. and Mrs. Leah Hughes, formerly residing in Granite City, she returned here recently from Florida and has been making her home with her niece, Mrs. Arnold Fleishman, and Mr. Fleishman, 3208 Cottage place, Madison.

The wedding took place at 4:30 o'clock with Magistrate Merlin Hiscott officiating.

Mrs. Fleishman and William Storebeck, a son-in-law of the bridegroom, were attendants.

The former Mrs. Root wore a street-length dress of yellow pean de soie with a chiffon capelet retrimmed with pearl de soie appliques. Her flowers were Golden Carnations in a nosegay. Mrs. Fleishman wore a white eyelet dress and carried white Elegance carnations and yellow roses.

A small reception was held at the home for the bride directly after the service. The couple will live in Highland where Mr. Oberbeck is self-employed.

Bay View Club Closes Season

The Bay View Reading Club ended the season Thursday afternoon at a meeting in the home of Mrs. Arthur Roman on Rural Route One.

Mrs. Russell Johnson, retiring president, called the meeting to order following a dessert course and the annual report of the auditing committee was given. A letter also was read from Mrs. Frances Johnson, a former member now residing in Florida, regretting her absence from an earlier meeting at which the club honored Mrs. Walter Coolidge, a 50-year member.

Mrs. Johnson reported on the recent meeting of the Twenty-second District, Illinois Federation of Women's Clubs, and reviewed the activities of the club during her tenure of office. She also announced a communication would be sent to the Ministerial Association requesting that all church bells be rung July 4 at 1 p.m. This is to be a federated project.

Mrs. Emil Mueller, the incoming president, was introduced and assumed her new duties. The program was given by Mrs. W. R. Huff. It was in keeping with the study topic for the year, "The St. Louis Bicentennial," and included a summary of the past year's programs.

Sixteen members were present at the meeting and the following guests: Mrs. Robert Brandmark and her house guest, Mrs. James Bourque of Cincinnati, O. Mrs. Albert Busch and Mrs. John MacCabe Moore.

Mrs. James Weston was a new member enrolled.

Dettweiler-Love Nuptials Saturday Evening at Troy

Miss Diane Shirley Love, daughter of Mr. and Mrs. Robert T. Love, 2828 Marshall avenue, and Neil Edward Dettweiler, son of Mrs. William Dettweiler, Twin Lakes, Troy, and the late William Dettweiler, exchanged wedding vows in a ceremony taking place Saturday evening at St. Paul's Lutheran Church in Troy. The Rev. E. A. Feddersen officiated at the 7:30 o'clock ceremony. The double-ring service was used.

Bouquets of white carnations decorated the altar and a program of wedding music was provided by Miss Darlene Schneider, soloist, accompanied by Arthur Stahmer, organist. Songs were the Lord's Prayer and "Wither Thou Growest."

For her wedding, the bride chose a gown of pure white silk organza fashioned with a scoop neckline overlaid with room-broadened Alençon lace motifs and short sleeves. The motifs were repeated in a floral design in the long, dome-shaped skirt. A bow at the back waistline held a full, sweep train and a tulle veil of illusion was attached to a jeweled crown. The bride carried a bouquet of white roses centered with an orchid and lilies of the valley arranged in a cascade.

The maid of honor, Miss Jean Hucker, St. Louis, wore a gown of Romance blue silk organza with a scoop neck and short sleeves. The floor-length, bell-shaped skirt had a lace trim with a bow at the waist line. The bridesmaids, Miss Don-

na Riddle, a cousin of the bride, and Miss Judy Laird of Twin Lakes, the bridegroom's nieces, were similarly attired and all carried cascades of pink carnations. Key Bridges, of Granite City, and Connie Pople of Freehold, N. J., nieces of the bride and groom, wore frocks identical to those of the older girls and carried baskets of pink, white and blue daisies. Edward Dettweiler, the bridegroom's nephew, served as ring bearer.

William E. Dettweiler was his brother's best man, and Joseph Harley Jr., William Laird, John Harper and William Love, were groomsmen and ushers.

For her daughter's wedding, Mrs. Love chose a powder blue lace dress and pale yellow accessories which harmonized with her corsage of yellow carnations. The bridegroom's mother was in an aquamarine silk organza dress accented with white. Her flowers were white carnations.

A reception was held in the church hall directly after the ceremony. When they were alone, the bride and groom were joined by a full, sweep train and a tulle veil of illusion was attached to a jeweled crown. The bride carried a bouquet of white roses centered with an orchid and lilies of the valley arranged in a cascade.

Copperhead, Rattler Killed Near Venice

Two poisonous snakes — a copperhead and a rattlesnake — were reported killed in and near Venice last week.

The copperhead was killed by John Smith, Venice, who said he found the snake in the center of Bremen avenue in the 100 block early last week while a group of 10 to 15 children was playing around it. He killed the snake with a tire tool. It was measured about two feet in length.

John Essington, assistant chief of police, said he saw the copperhead, but only received a report on the killing of the rattlesnake by a man whose identity he did not know. The man was reported to have found the rattler in a path between the old slough and the 1000 block of Main street. It had two rattlers, according to reports.

REPLICA of the original Granite City charter is presented to Mayor Donald Parney by William Hoelscher, chairman of the City Planning Commission and manager of the Manufacturers' Association, after obtaining the copy from the office of Secretary of State Paul Powell. The original charter was lost after it was used as documentary evidence in a tax objection case. The original charter, signed by County Judge William P. Early, was issued under the date of June 8, 1896. It certifies that 173 votes were cast in an election on the issue of chartering the city, with 156 votes in favor, 12 against and five defective ballots.

Area PTA Council Awards Annual Art Scholarship

The Granite City Area PTA Council presented the "Acre of Art" scholarship to Robert Penny, son of Mr. and Mrs. R. J. Penny, Thursday evening at Frohhardt school.

Robert was selected for his outstanding record as an art student by Eugene Aasli, art director of the Granite City schools and his staff.

The Acre of Art exhibit was started three years ago by the PTA Council to bring to public attention the excellent art program throughout our Granite City schools. The scholarship fund is raised from the sale of senior art work sold at the exhibit, from personal contributions, and the council.

A report from the recent state PTA convention was given by Mrs. Kathleen Tadlock, delegate for the council. Mrs. Dorothy

Lichter, and Mrs. Lois Ferrer delegates for Marshall school.

George Moore, a former council president, installed Mrs. Lucille Caban, president; William Hesselz, vice-president; Mrs. Pat Polley, recording secretary, and Lee Reid, treasurer.

Raymond Jones, area director of the "Project Head Start," asked the Council to help recruit volunteers from the PTA units to help with the project.

The speaker for the evening was Robert S. Lewis, president of the Timberland Improvement Co., Piedmont, Mo. He gave a talk, answered questions, and showed slides on how a tree lives, grows and dies.

Coffee and rolls were served by the host school PTA.

Prowler Complaints In Two Areas of GC

Police were given a detailed description of a prowler spotted about 9:15 p.m. Sunday at a home in the 3800 block of Franklin avenue, and believe the same person was prowling about 10:55 p.m. in the 2300 block of East 24th street. They were unable to locate the youth.

He was described as being 19 or 18 years old, five feet eight or nine inches tall, and he was wearing a white shirt and dark trousers. Police also received a prowler call in the 2400 block of East 25th street about 10:40 p.m., but it was a neighbor emptying garbage.

Faces Two Charges

Charges of driving while intoxicated and resisting arrest were placed against Harold G. Smith, 22, of Rural Route One, who was arrested about 1:30 a.m. Monday in the 2800 block of Nameoki road. He was released on \$400 bond for a hearing June 9.

Mrs. Barbara Willis, 87, Dies at Colonnades

Mrs. Barbara M. Willis, 87, of 2301 State street, a resident of Granite City for 14 years and widow of John Willis, who was editor of the former Granite City Record, died about 4:45 p.m. Sunday at the Colonnades Nursing Home on West Pontoon road where she had been a patient four months.

Mrs. Willis, a native of St. Louis, was a member of St. Joseph's Catholic Church and of the church's Alumnae Society. Survivors include a daughter, Mrs. Etha Sheridan of Granite City; a son, Harry Willis of Auburn, Ill.; six grandchildren and 12 great-grandchildren.

Services were held this morning with a 9 o'clock solemn high mass at St. Joseph's church. Further information given in today's obituary column.

Traffic Charges Filed Against 6 Motorists

Six motorists were arrested Sunday by Granite City police on traffic detail.

Charged with speeding were David Watkins, 2141 Pine street, and Lawrence Worthington, 4200 Maryville road, who were stopped on Pontoon road; and William Morgan, 2222 Denver street, and George Biggs, 1764 Cedar street, who were arrested at 17th and Main streets.

Elmer Worthington, 4200 Maryville road, was arrested at Johnson road and Ames avenue on a charge of driving in a careless manner, and Samuel Amich, 2006 Madison avenue, was arrested at Fifth avenue and Nameoki road on a charge of speeding. Hearings were set for next week.

Hubcap Stolen

Theft of a wire-type hubcap off his 1963 auto while it was parked on State street was reported to Granite City police Saturday by L. L. Boughton of Collinsville.

4 Local Servicemen In Fairgame Exercise

Four local servicemen representing the Navy and Marine Corps recently participated in a nine-day international exercise called "Operation Fairgame III" held in the central Mediterranean and on the island of Corsica.

Thirty-four American and 26 French ships, along with ground troops from the two countries, were involved in the tactical training operation which concluded last week.

The local contingents Marine Private First Class Thomas A. Dooley, son of Mr. and Mrs. Jay T. Dooley, 1910 Rhodes street, Madison, who is a member of Marine Battalion Landing Team 506, Ship's Service Group 1, USS Tisovorth USN, son of Mr. and Mrs. Paul H. Supervisor Attackers Sentenced to Prison

Two men from Ypsilanti, Mich., who beat and robbed Ophimont township Supervisor Edwin Meyer on May 18, were sentenced to prison Thursday afternoon by Associate Circuit Judge Austin Lewis in Edwardsville.

They are Edward Harland Weinman, 24, who was given a term of five to 10 years, and Harry Thomas Halliday, 19, who received a two-to-six-year term. They waived grand jury action and pleaded guilty.

The two were arrested near Springfield, Mo., by Missouri state troopers while they were in Meyer's car. They had robbed him of more than \$40 after leaving a Livingston tavern and left him on the side of the road following the beating.

Soon after the two men were placed in the county jail after being arrested, they tried to break out by damaging a cell lock, authorities reported.

Bi-State To Study Plan For Running Busses On Rails

The feasibility of running busses on some existing railroad tracks as a rapid transit experiment will be studied by the Bi-State Development Agency as the result of a suggestion advanced in the commission's regular meeting Thursday afternoon.

The idea was presented by commission member Edwin M. Clark, who suggested that the first step in such a move would be to sound out several railroads to see if they will cooperate on a "share the profits" basis, with Bi-State paying expenses of beginning operation.

Members of the board, on a motion made by Clark, voted unanimously to have Transit Services Corp., managers of the Bi-State Transit System, make a study of the proposal. Several months ago, Bi-State contracted for an engineering study to determine if East bridge and railroad tunnels beneath downtown streets could be used for rapid transit or bus traffic. That study is under way by Sverdrup & Parcel & Associates.

C. E. Townsend, chairman of the agency, pointed out that the agency has no taxing authority or other resources to apply to transit projects for which federal grants are available, but said he hoped meetings can be arranged soon with Illinois and Missouri governors to see if state funds may be obtained to match federal grants. This has been done for some urban areas to finance transit projects.

A revised transit operational budget which will cut the projected deficit from \$1,330,000 to \$332,216 was approved by the commission. The new budget anticipates revenues of \$2,574,435 and operating expenses of \$190,000.

Five Quad-Cityans to be Drafted on Thursday

Five Quad-City area youths are scheduled to report Thursday to the county selective service office at Edwardsville for armed forces induction. The quota is the same as last month.

Later this month on June 23 a group of 40 Quad-City 18-year-olds is to report for pre-induction physical examinations.

280,536. Fund requirements under the revenue bond issue would be added to the operating expenses to account for the deficit.

John C. Baine, president of Transit Services Corp., pointed out that, anticipated revenues of the new budget includes only nine of 12 months in which the fare increase would be in effect. If the transit system had had 12 months operation under the fare increase "we would come out even," Baine said.

Col. R. E. Smyser, executive secretary of the commission, said that his latest information on Bi-State's transportation system for the Gateway Arch indicates that it may get into operation by next April. Bi-State is to start collecting \$250 daily penalty on people in completion, beginning next Aug. 18, if a 32-day extension for the Arch work is denied by National Park service. The agency, however, is paying \$500 a day interest on revenue bonds issued to finance the transportation system.

The board also voted to redesignate Parks Airport which has been taken over by the agency, as Bi-State Parks Airport and a format for stationery, advertising or sign purposes was approved.

A new transit system contract with the U. S. post office for carrying postal employees at a rate of 26.5 cents per ride also was approved.

The board also voted to appoint a member to serve on the Regional Industrial Development Corp.

K. C.'s Aid Easter Seal Society, Booklet Booth

Tri-City Council 1098 of the Knights of Columbus contributed \$75 to help finance literature for a Catholic information booth at the Illinois State Fair in Springfield this summer during a meeting Thursday night.

The council also contributed \$25 to the Easter Seal Society to finance a crippled child for two weeks at the society's summer camp.

Reports were presented on the recent state convention at Peoria by Oscar A. Reinhardt, who was a delegate, and Albert Sanders, grand knight who conducted the meeting.

A talk on the information booth at the state fair was presented by Rev. Lawrence Mattingly, pastor of St. Elizabeth's Church. Refreshments were served after the meeting.

Pvt. Bargiel Completes Pay Specialist Course

Pvt. Richard G. Bargiel, 22, son of Walter A. Bargiel, 1102 State street, Madison, has completed a pay specialist course at the Army Adjutant General School, Fort Benjamin Harrison, Ind.

During the course Bargiel received instruction in the preparation of Army pay records. He entered the Army last December and completed basic training at Fort Leonard Wood, Mo. He is a 1960 graduate of Madison high school.

He was sent by Rev. Lawrence Mattingly, pastor of St. Elizabeth's Church. Refreshments were served after the meeting.

Mercers Tie for Divisional Lead; Mitchell Wins, Hearts Fall in 12th

Mercer Funeral Home defeated St. Clair 8-3 Sunday at East St. Louis to take sole possession of first place in the Southwestern Illinois League's Blue Division. The Mercers, now 4-2, had been tied with St. Clair for the lead.

Mitchell A. C. struck early to defeat the visiting Maryville A-C Contractors 7-4, but Sacred Heart of Granite City wasn't so lucky in a 4-1 overtime loss to Collinsville Kahok Bowl. Both Mitchell and the Hearts have 2-4 records.

The upstart Polish-American War Veterans of East St. Louis, a newcomer to the league, surprised the Maryville Red Sox 3-1 to tie for first in the Red Division. PAVW and the Red Sox have 3-1 records.

In the other Inter-City contest, Puchonians edged Troy 3-2. The Braves are second to the Mercers with a 4-3 record.

Error Starts Rally
Kahok Bowl, defending league champion, broke the 1-1 tie with a three-run rally. The 12th started with Clyde Blankenship adding an error. Then Doug Edwards singled, Glen Gutjahr brought a run home on a single and Bunky Ross singled in Edwards.

Gutjahr was out trying to steal third base, but Chuck Hansen drove in Ross with a hit. The Hearts had scored in the second frame on Bob Ketter's triple.

Mitchell scored all seven runs in the first two innings to take the steam out of the A-C Contractors. Two runs were scored in the first on three walks and Larry Corey's hit.

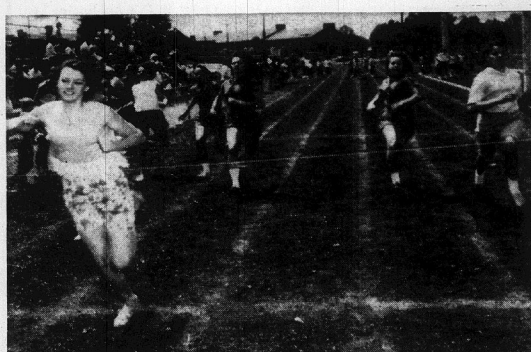

The hosts then tallied five in the second on two walks, an error, Larry Williams' triple, Jim Frazier's double and single, by Kenny Smith and Corey. Corey and Dave Sparks finished with two hits each and Gerry Schmitt had three for Maryville.

FLASHING BIG SMILE as she flashes across the finish line, Brenda Duncan wins the intermediate girls 50-yard dash at the Joycece Sports Jamboree here Saturday. Her time was 6.7 seconds.

2 Games Scheduled In Quad-City League; St. John, EUB Win

Two Quad-City Church League games are scheduled for 6:15 p.m. today with First Church of God (6-2) meeting St. John Lutheran (2-0) at Tri-City Park and Nameoki Methodist (0-2) playing Good Shepherd EUB (2-0) at Logan school.

Games Thursday evening match Central Christian (0-2) and Nameoki Presbyterian (0-2) at Tri-City and Second Baptist (2-0) and Pontion Church of Christ (1-1) at Logan. Second Baptist and EUB lead the Black Division with St. John on top in the Blue.

Last Thursday, St. John whipped Nameoki Methodist 20-0 in Sam Boda had three hits and Harold Gebhardt two. Les Bierling had a grand-slammer for the losers.

Good Shepherd TUB topped Central Christian 16-5 with Harold Watters and Terry Casey getting three hits each and Gary Portell hitting a homer.

WITH NO COMPETITORS in sight, Dennis McGee loopes toward the finish line in the intermediate boys 880-yard run. Timer Paul Morris clocked him in two minutes, 52 seconds.

Record 250 Compete In Sports Jamboree

A record turnout of 250 boys and girls overwhelmed Joycece officials Saturday at the annual Sports Jamboree track and field event at Granite City high school. Last year less than 100 competed.

Meet director Boyd Preley credited Dick Yates, Granite City high school and junior high director, and Miss Barbara Kerch, coordinator of grade school athletics, for creating interest in the event.

First-place winners here advanced to the July 10 section at Cahokia where victors from 18 other communities will also compete. The state finals will be at Eastern Illinois University, Charleston.

Saturday's results with names listed in order of finish:

EIU Lists Averages For Local Players

Final baseball statistics at Eastern Illinois University give Granite Cityans Larry Diak and Glenn Hoffman 208 and 167 batting averages respectively.

Diak had 10-for-48 in 21 games and posted a .932 fielding mark, making only three errors in 62 chances. Hoffman won 3-for-18 in 12 games and had a fielding mark of .884 for 23 chances.

Bob Horick, another local boy, had a .448 average with 15 hits in 29 tries and a .557 fielding average at first base. However, he was sidelined after 10 games with a shoulder injury. The Panthers had a 15-8 record.

Paddlers Slate Meeting Monday

An organization meeting for the Paddlers Swim Club's competitive team will be held at noon Monday, June 7, coach Keith Parker said today. The meeting was arranged so summer school students can attend.

Parker said practice sessions will be at 9 a.m. for 13-17-year-olds, 10:30 a.m. for ages 9-12 and from noon to 1 p.m. for those eight-and-under and summer school students. Divers' sessions will be arranged.

The Southwestern Illinois Swim Association includes eight teams this season. They are the Paddlers, Alton Summers-Port, Sunset Hills and Montclair of Edwardsville, Collinsville Town & Country, Dorchester and Sundowners of Belleville and Dupu Highlanders.

The SWISA meet will be here Aug. 7-8.

GOLDEN WEDDING. Mr. and Mrs. Joseph Azari Sr., who observed the 50th anniversary of their marriage at a party Sunday in the home of a son-in-law and daughter, Mr. and Mrs. O. T. Potter. They are shown on the left at the time of their marriage and above in a recent photograph.

Mr. and Mrs. Jos. Azari Sr. Observe Golden Anniversary

Surrounded by members of their family, Mr. and Mrs. Joseph Azari Sr., residents of Granite City for the past 35 years, celebrated their 50th wedding anniversary Sunday with a dinner party in the home of a son-in-law and daughter, Mr. and Mrs. O. T. Potter, 2521 Pine old Neco Co. street.

The couple was married May 29, 1915, in Morgantown, W. Va., and there was a honeymoon for Mr. Azari is 78 and his wife is 72. They have five children. Beside Mrs. Potter, the former Helv Azari, they are Joseph Jr., Mrs. Frank (Mary) Hoover, and John Azari of Mt. Clemens, Mich., 14 grandchildren and the seven great-grandchildren. All were present except two grand-

YMCA Sr. Citizen Membership Up

A record-high membership of 148 in the YMCA Senior Citizens Club was reported Friday by Mrs. Vira Green, president, who announced a 100% increase in new members in the past year.

She added that a membership drive is being planned for this month, with special social events to take place. Senior citizens groups in the Quad-Cities will be invited to participate and enroll as new members, Mrs. Green said.

About 40 attended Friday's meeting held in the "Y" and enjoyed a day of quilting, needlework and other crafts. Get well cards were signed and sold. Several members and plans were completed for an extra quilting session and sack lunch today.

An excursion on the Steamer Admiral was discussed. Those wishing to make the trip may contact Mrs. Jackie Webb at TR 6-3079, or to make their reservation at this week's meeting.

A sale of high-quality stainless steel knives is planned by the members in June, with proceeds to be used for various club activities. It was reported that a new membership list is being compiled for distribution this week.

SIDELIGHTS from SPRINGFIELD

By Sen. PAUL SIMON

VISITS TO GENERAL ASSEMBLY SESSIONS

Frequently, people contact legislators and ask questions about our sessions, particularly if they plan to visit Springfield.

Here are a few questions, and answers:

"Can the public visit the legislature during sessions?"

Yes.

"Are passes needed?"

No.

"When is a good time to visit?"

Sessions usually begin at noon on Mondays and end at 10 a.m. on other days. Full sessions are often not held on Fridays.

Ordinarily, both houses meet right through the lunch hour.

"That is why you may occasionally see someone eating a hamburger or drinking a milkshake. That's our lunch."

Committee Meetings

Even better than the regular sessions is visiting committee meetings. Here is where much of the hard work is done—or occasionally not done.

If you are in Springfield visiting the legislature, ask someone what committees are meeting and what might be interesting. You will find legislators of both parties and the personnel around the legislature ready to help in any way possible.

"Can you tell what will be discussed in advance?"

Ordinarily we cannot. We are given a calendar, which schedules each morning, listing bills pending, but not everything on the calendar is called for in debate.

In addition, resolutions and other items of business not on the calendar can be introduced.

Contact Doorkeeper

"How can I contact my representative or senator when I am in Springfield?"

Go to the door of the House or Senate on the third floor of the capitol. Give the doorkeeper your name. If the representative from your district is in, he will see you. If not, he will be able to come out.

"If he does not mean you should feel offended. He must take care of his main job first on the floor of the House or Senate. He will see you when he is not busy."

"When will he be happy to come to the door and exchange greetings with you?"

"When will sessions end?"

"They will run at least until July 1. There is a good possibility that in this session they will go much beyond July 1."

"Is it possible to see the Governor?"

Ordinarily it is not. His duties are particularly heavy during a legislative session, and much as he would like to visit with the many groups that come to Springfield, it is not possible for him to do so.

Lincoln Shrine

"What else should we see in Springfield besides the legislature in action?"

One of the main attractions are Lincoln's home, Lincoln's tomb, and the New Salem village (a few miles from Springfield) recreated to look much as it did when Lincoln lived there.

An additional new tourist spot is the first state capitol building in Springfield, until recently the Sangamon County courthouse.

The state museum and state historical library are also of interest.

Of all of these, the one I feel that is most moving is Lincoln's tomb.

Visit your legislature and your state capitol. Between now and July 1 is a good time to see both.

Springfield Legislative Scene

Springfield legislation of interest to Quad-City:

H. 1384. Requires that compensation of village presidents and city mayors must be established by the board of directors at least four months before the election in which the president or mayor is elected.

H. 1386—Harris, et al. Biennial appropriation of \$161,390 for ordinary and contingent expenses of the Tri-City Regional Port District.

H. 1388. Provides for appointment of five directors (not more than three) of a county tuberculosis sanatorium.

H. 1389. Limits money that a sanitary district may borrow for sewage discharge treatment that required for such purpose, plus reasonable future expansion, as approved by the board of health or a state administrative agency having jurisdiction.

H. 1390 and 1391. Provide that a sanitary district may borrow for corporate purposes and issue bonds without holding a election if the bonds are authorized by an order issued by a court or an administrative agency to abate its discharge of untreated sewage.

H. 1393. Sets forth guiding principles in use of animals by secondary school students and science club members; repeals part of school code that barred any experiment upon a living animal for the purpose of demonstration in any study made in a public school.

H. 1399. Repeals section of public assistance code concerning penalty for false statements.

H. 1400. Amends election code and provides that polls shall be open from 6 a.m. to 8 p.m. (now 6 a.m. to 7 p.m.) in counties with 200,000 or more population. Compensation of election judges in counties size shall be \$30 (now \$25).

H. 1401. Provides that if a traffic violator is to be created by state police fines and penalties shall be paid to the state for deposit in the road fund. If prosecuted by the state's attorney, 10% shall be paid to his office.

H. 1407. Creates a special education of Handicapped Children to consist of seven members, appointed by the superintendent of public instruction. Each county is to establish an advisory committee.

H. 1408. Makes it unlawful to use threats, duress, etc., to induce the holder of an alcoholic beverage license to handle or refuse to handle alcoholic beverages of a specific kind or brand.

H. 1410. Provides for a voluntary biennial physical examination for General Assembly members, with state reimbursement of up to \$100.

H. 1411. Voluntary physical examination for full-time salaried state officers, with the state paying up to \$100 in any fiscal year.

H. 1412. Provides that no employer with 10 or more employees may deduct wages to penalize in any manner an employee attending court for jury duty.

H. 1417. Entitles school districts maintaining adult education classes to claim for each school year \$250 for each 40-minute period of approved classroom instruction; appropriates \$2,500,000.

House Joint Resolution 49. Prohibits graduated income tax, through a constitutional amendment. Permits flat rate of 5% but bans real or personal property tax within four years.

S. 1014. Provides for increase in salary of probation officer appointed by circuit court for persons as determined by the Labor Director.

S. 1018. Imposes tax for conducting public performances of 20 cents per spectator ticket. Applies to concerts, plays, sports events, lectures, travelogues, motion pictures, etc., if taped, filmed or recorded.

S. 1017. Creates 75-cent hourly minimum wage except for physically or mentally impaired persons as determined by the Labor Director.

S. 1019. Permits school board to assign responsibility for teacher or employees, who has not used full amount of accumulated sick leave, to receive terminal pay upon retirement or death, paid from education fund taxes.

S. 1021. Creates commission to study state building code, pre-qualification of bidders and licensing of firms in construction business.

S. 1022. Requires coroners per condition in all deaths where remains are to be cremated.

Representative or senator when I am in Springfield?"

Go to the door of the House or Senate on the third floor of the capitol. Give the doorkeeper your name. If the representative from your district is in, he will see you. If not, he will be able to come out.

"If he does not mean you should feel offended. He must take care of his main job first on the floor of the House or Senate. He will see you when he is not busy."

"When will he be happy to come to the door and exchange greetings with you?"

"When will sessions end?"

"They will run at least until July 1. There is a good possibility that in this session they will go much beyond July 1."

"Is it possible to see the Governor?"

Ordinarily it is not. His duties are particularly heavy during a legislative session, and much as he would like to visit with the many groups that come to Springfield, it is not possible for him to do so.

Lincoln Shrine

"What else should we see in Springfield besides the legislature in action?"

One of the main attractions are Lincoln's home, Lincoln's tomb, and the New Salem village (a few miles from Springfield) recreated to look much as it did when Lincoln lived there.

An additional new tourist spot is the first state capitol building in Springfield, until recently the Sangamon County courthouse.

The state museum and state historical library are also of interest.

Of all of these, the one I feel that is most moving is Lincoln's tomb.

Visit your legislature and your state capitol. Between now and July 1 is a good time to see both.

The Pen Is Mightier— In A Governor's Hand

If it seems as though there has been a bigger volume of legislation clogging the hoppers of the Illinois General Assembly this session, it is not merely imagination. A recent tabulation shows 2763 bills (1089 in the Senate and 1674 in the House), compared to 2345 (1041 and 1304) at the same time two years ago.

All of which revives the question of whether even the most dedicated and hard-working legislator can adequately study all the measures requiring his vote.

With such a bumper crop, it seems evident that the legislative harvest unavoidably must include at least a few bills that never should be placed on the books. Maybe this is why governors have veto power.

62% Of Tax Dollar To Schools

The newly-completed abstract of valuations, levies, tax rates and extensions in Madison county outlines the distribution of property taxes that will be collected in Madison county this spring and summer.

A breakdown of the \$31,730,000 total shows \$19,593,000 or 62% destined for school districts. Cities and villages, which traditionally attract the heaviest voting and greatest interest from the public, spend an aggregate of \$4,576,000 or 14 1/2%. Townships are next with 7%, the county government spends 5%, sanitary districts 3%, park districts 1%, other governmental districts (fire, street lighting, airport and hospital) 2% and back taxes account for 5 1/2% of the total.

Science is resourceful. It could not pry open a day-cook window, so it air-conditioned the train.

"Carpetbaggers, keep out" is a sign Illinois may soon be posting, judging by the Senate Elections Committee vote to require two-year residence in the state for U. S. Senators.

Conservatives, can run for governor of California instead of U. S. Senator from Illinois next year.

The less one knows, the easier it is to form an opinion.

Not Moved To Action

"They would feel good, feel secure in the love of God, but somehow that love has not penetrated into the spiritual realm of the comfortableness and propitiam of action."

A great man once said, "If an automobile had as many useless parts as the average church, it wouldn't run downhill." You know and I know that this is actually an understatement. A car that had that many useless parts couldn't be pushed downhill.

But I still maintain that we don't get something for nothing, not even in the spiritual realm. If the sacrifice Jesus made on Calvary for your sins and mine does not touch a responsive chord in your heart and lead you to accepting him as Savior—then you can warm a pew for the next millennium and still go to hell.

And if that same sacrifice does not drive you into doing something for him out of gratitude, you had best search your heart to see if there is any reality to your religion.

Material, Spiritual Realms

This applies to both the material and the spiritual realm. In the material realm, it is usually the "did nots" who have not. I am reminded of some scriptures: "Stiff-neckedness casteth into a deep sleep; and an idle soul shall suffer hunger." "Proverbs 19:15."

God never has placed his stamp of approval upon laziness, idleness, the slothful or half-doing job. We are placed here as agents of God, and God does not lead in idleness or in failures.

And in the spiritual realm? Why is it that we have so many "nothings" Christians?—the ninety percent who sit back and let the ten percent do the work? Perhaps it is because they, too, want "something for nothing."

Freedom's Meaning

Government when it becomes too big can impose a heavy burden of unnecessary, unjust, unfair and incentive-destroying taxes on the people. The danger is that estimates of needs and rules for collection sometimes are prepared by authoritarian bureaucrats contemptuous of equity, economy, private enterprise, personal success and individual freedom.

SWIU Horizons Include Past, Present And Future—Here And Throughout World

Far-reaching impact of Southwestern Illinois University—geographically, educationally and sociologically—is indicated in many ways. One illustration is the latest list of sabbatical leaves approved for faculty members in 1965-66.

Sabbatical plans include lecturing in Istanbul and studying Constantinople and Kiev links to Shakespeare's "Hamlet"; conducting research in aiding emotionally disturbed children; consulting with European economists and chemists on oil analysis; determining international narcotics control needs; studying the economic growth of Taiwan and other underdeveloped countries receiving American economic assistance; studying public finance; explaining the relationship of dialect stereotypes; studying factions of the English government in power during the American Revolution; analyzing geopolitics and describing the influence of Karl Haushofer's theories; German foreign policies; and visiting university reading centers to study structural linguistics as related to the teaching of reading.

Some of the pursuits involve topics of current interest while others deal with more obscure subjects. All have been judged to be of value in furthering mankind's knowledge of itself and its surroundings—one of the chief roles of education.

June Rhymes With Honeymoon

"Wedding bells are breaking up that old gang of mine," but apparently not as fast as they are going to in the future.

The 15,153 young men and women aged 20 to 24 in Madison county are considerably more numerous than the same age bracket five years ago. However, census estimates indicate that the early-20s population will be even larger next year, and will reach 20,050 by 1970. With more in the county, a continuing increase in marriages is certain.

Such figures are of interest to producers and retailers because it is they who must provide the goods utilized by newly-established families. Surveys have shown that a couple—or their parents—spend an average of \$1200 on the engagement and wedding, plus about \$3500 in the first year to equip or furnish their apartment or home. Fifteen hundred or two thousand weddings a year thus means expenditures totaling \$7 million to \$9 1/2 million in Madison county.

We will leave the effect on the birthrate—and spending for children's clothing and furniture—to later surveys.

New Weapons In War Against Organized Crime

Constructive legislation enacted at Springfield during the current session includes laws that will increase the penalty for conspiracy to commit a wide assortment of crimes, including attempts to influence jurors or voters.

Other bills newly signed into law simplify gambling convictions and authorize forfeiture of property knowingly maintained for commission of certain crimes.

Since the new laws are intended to curb gangster activity, it will be important to utilize them fully so that their effectiveness can be evaluated. If further legislation proves necessary, it will rate high priority in the 1967 General Assembly session.

NEW HOPE FOR ACNE-SCAR VICTIMS

If you are one of the thousands of individuals whose appearance is marred by unsightly pits and scars resulting from acne, new hope is at hand.

That new hope is embodied in a revolutionary technique called "Microdermabrasion."

As the name suggests, dermabrasion is a technique whereby the uppermost layer of the skin is removed to reduce the size and depth of acne scars—making them less noticeable.

Dramatic Improvement

Though not all scars are reduced equally—physicians using dermabrasion report dramatic improvement in a vast majority of cases.

When performed by an expert, the process is safe and painless.

After the skin is anesthetized by means of dry ice, the physician strokes a stiff-bristled, rapidly rotating brush across the patient's face. Within twenty-four to forty-eight hours, the skin will be back to normal.

News From The Files Of The GRANITE CITY PRESS-RECORD

June 1, 1915

With appropriate ceremonies and the presentation of diplomas to the largest class that ever graduated from the high school of Granite City, the school year of 1914-15 was brought to a successful termination last Friday, when the graduation exercises were held in the high school auditorium. The exercises opened with the professional and the graduates marched out upon the platform and were arranged in semi-circle making a pretty picture. The young ladies were in white dresses of simple yet beautiful design and the young men wore the conventional black.

The professional music was "The Sons of God Go Forth In War." A vocal solo was rendered by Marie Short and an address was delivered by Miss Julia Giesler, salutatorian. One of the best speeches ever given at a graduation day service was made by William R. Lewis, class valedictorian. Miss Esther Giesler played a selection of piano music and a piano duet was given by Marie Short and Miss Giesler. (Photostat. Roy Scott read the class list and his history was given by Ruth McElroy. Dr. Hays of the University of Illinois was the principal speaker.

The members of the Granite City Volunteer fire department and several local athletes who were expected to join the team in their efforts to win prizes at Blue Island, Ill., during the state basketball tournament, will be in the morning at the city hall for practice. A trial run will be held at 9 a.m. and all members are urged to be present and help shape the team.

Members of the Welsh colony in Granite City as well as hundreds of their friends throughout the city are looking forward with great expectations to the annual picnic of St. David's Parish which will accept the bids.

Granite City will sprinkle the streets this morning, according to present indications and active steps toward formulating a plan were taken today when the city council met. Councilman Edward R. Price advertised for bids for the work of sprinkling the streets throughout the summer months. City Clerk George Furnish will accept the bids.

John W. Costley of Granite City was in Medora, Ill., Saturday, where he attended a homecoming of the Masons of Macoupin county. Costley formerly resided in Macoupin county and received his Masonic degrees there. He was accompanied by E. S. Watson, formerly of Medora, and both report a profitable trip to the home county and lodge.

Thelma Herschbach Bride Of Victor John Szymcek

Miss Thelma Marie Herschbach, daughter of Mr. and Mrs. Raymond Herschbach of Bend road, and Victor John Szymcek, son of Mr. and Mrs. Szymcek, 2054 Fourteenth street, were married Saturday morning at a ten o'clock mass at St. Mary's Catholic Church, Madison.

Father Sylvester Mielek held the vows of the couple, using the double-ring ceremony. The bride was escorted down the white-carpeted aisle and given in marriage by her father. She wore a point de sole floor-length gown. The bride had a rounded neckline and short sleeves, and the bouffant skirt included an embroidered panel down the front and a full-length train in back. A veil of illusion was secured to the crown of seed pearls and iridescent sequins.

The bride chose as maid of honor her sister, Miss Marjorie Herschbach, and as bridesmaids Miss Janice Szymcek, sister of the groom, and Miss Donna Herschbach, another sister of the bride. The young couple will reside in Madison upon returning to their home at the Lake of the Ozarks. Approximately 350 attended the wedding at the Polish Hall in Madison. Many out-of-town guests of yellow tinted carnations were present.

Crash at Stoplight

Autos driven by Charles Thomas Kelly, Madison, and Johnson Smith, 810 Washington street, were involved in a collision Saturday afternoon at the Third street and Madison avenue traffic signal. Police said Kelly was stopped for the light and the rear of his auto was struck.

Auto-Truck Accident

An auto driven by Larry G. Lowe, 1021 Grand avenue, Madison, who was going west on 13th street and making a left turn onto Madison avenue, and a panel truck operated south by Mike Hrysko, 1533 Sixth street, Madison, collided at the intersection about 8:30 a.m. Saturday.

Crash on 10th Street

William Carl Schmecke Jr., 1553 Rodgers avenue, reported to Madison police Saturday afternoon that as he was driving a Gulf & Dittman vehicle and was pulling away from a parking place on 10th street, the right door of the vehicle was struck by a west-bound auto, described as a 1935 model.

Industrial Center Revitalizes Old Nesco Plant Facilities

Once the center of industrial activity in Granite City, the old National Enameling and Stamping Co. plant buildings at Cleveland blvd. and Niedringhaus avenue, have come back into their own as an important factor in the community's industrial life, even though they may not be the bustling manufacturing sites they once were.

Within the last eight years, the vacant properties of the once flourishing Nesco firm have been transformed, through the efforts of a syndicate of Philadelphia businessmen and a Granite City real estate firm which handles its operation, into a valuable adjunct to Quad-City industry. The once-dead plant facilities have been revitalized to provide needed facilities for businesses and industries of varying types. It now is known as the Granite City Industrial Center.

The Nesco business, established in Granite City in 1899 and once the backbone of Granite City's industrial existence, became defunct in the 1930's after a majority of its stock was cornered by New York Shipbuilding Corp. and the Wolfson enterprises which eventually liquidated the firm's assets, closed down the plant and put its facilities on the market. Its associate firm, Nesco Steel Barrel Corp., however, continued in operation.

In 1937, a group of Philadelphia businessmen who previously had successfully revitalized similarly inactive industrial property by leasing it in sections to smaller businesses and firms, purchased the entire property, including the vacant property extending to Cleveland blvd. on the south. The sale was handled through the Morris Real Estate agency in Granite City which still handles leasing and rental operations for the owners.

Purchased Facilities
Immediately following the transaction, Nesco Steel Barrel Corp. purchased outright the plant facilities it occupies in the southern section of the series of plant buildings, and Hubbell Metals Inc. warehouses and processors of steel and metals, made direct purchase of the two buildings at the west end of the plant. Hubbell Metals is headquartered in St. Louis and has operated a processing division in the plant here since the 1937 purchase.

According to Ralph Morris of the Morris Realty Co., the sales to Nesco Steel Barrel and Hubbell Metals left approximately a half million square feet of floor space in the main building section of the old Nesco plant, available for leasing for manufacturing purposes, storage or warehousing. Rail and truck loading docks are available, the buildings are equipped with freight elevators and complete utilities and sewage facilities are installed, making the property adequate for almost any purposes.

First large firm to secure a lease, Morris said, was Caine Steel Co. of Chicago, specializing in metal lithographing. The firm manufactures metal signs, TV trays and similar decorative items. The company contracted for four sections of the main floor of the building on the north section of the plant and still occupies that space.

In 1939, Woolcher Corp., manufacturers of aluminum furniture, leased 100,000 square feet of the northeast section of the plant for manufacturing purposes. At one time the firm employed from 250 to 400 persons, but after operating for two years discontinued its lease here.

Government Lease

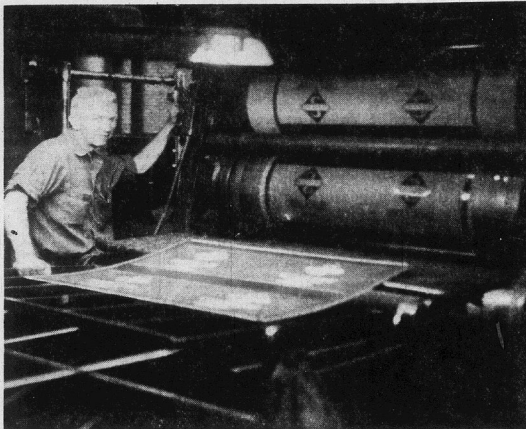

A section of 40,000 square feet in the center of the main building is under lease to the U. S. Defense Department and houses equipment for beginning immediate manufacture of 90 mm. shells. This equipment, having protective covering, has never been used, but is ready for instant use if needed.

Occupant of the largest amount of floor space, covering four building sections on three upper floors, is the Biltmore Moving and Storage Co. with headquarters in St. Louis. The storage firm holds a contract for storage of furnishings of servicemen who are on overseas duties.

A. O. Smith Corp. leases two building sections on the main floor of the plant, covering 30,000 square feet, for storage of gages, dies, patterns and frames. Morris said A. O. Smith has been requesting additional space which probably will be provided available for lease in other parts of the plant at the present time, but that several lease prospects are under consideration.

The disappearance of the old Nesco industry, which once provided the main source of employment and income for a big part of Granite City's residents, was a severe economic blow to the community. During the war, the diversity of products it manufactured in its part in the war effort sent its payroll booming, and many hundreds of families depended upon the industry for their livelihood.

The economic setback and the loss of one of the community's major industrial plants due to the Nesco shutdown is being offset, partially at least, by the present industrial center plan that is providing facilities for a number of different industries under one roof. It is restoring to use facilities that otherwise would have remained idle for an indefinite period.

MANUFACTURE OF DECORATIVE METAL products by Granite City Decorating Co., a division of Caine Steel Co. of Chicago is conducted in a section on the main floor of the plant proper of the old Nesco building. Caine Steel Co. was the first large firm to lease space in the Granite City Industrial Center which was established to make use of the Nesco plant facilities. In this photo Julius Losutter, an employee of the decorating company, operates a lithograph press.

WAREHOUSING AND STORAGE SPACE is leased to several large firms in the old Nesco plant, now the Granite City Industrial Center. Soda bottles by the thousands are stored, as shown here, by one tenant, Owens-Illinois Glass Co. Other firms store everything from dies and tools to household furnishings in various parts of the main building.

St. Louis, which store aluminum products, and the L. & W. Movers of Natick.

In addition to leasing contracts on space available in the plant building, the Granite City Industrial Center, the name given the enterprise, has sold property along Cleveland blvd.

The section at the corner of 18th street has been sold to Bud's Singular Service, and that in the middle of the block has been sold to L. Wolf Contracting Co.

The section on the western end, fronting on Cleveland blvd. has been sold to S. M. Wilson Co., contractors who plan to erect a new warehouse, using the framework of the old car barn recently dismantled at 16th street and Grand avenue.

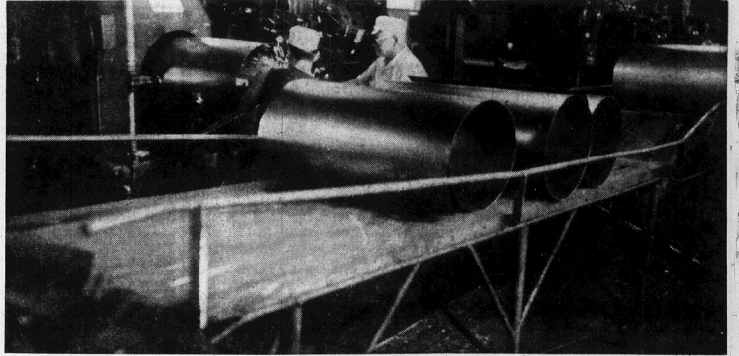

Morris said the Industrial Center has approximately 100,000 square feet of floor space which probably will be provided available for lease in other parts of the plant at the present time, but that several lease prospects are under consideration.

GRANITE CITY INDUSTRIAL CENTER, the facilities of the once flourishing Nesco plant are now leased to a number of manufacturing and warehousing firms, thus restoring the facilities to use in the area's industrial life. The plant is bounded by Niedringhaus avenue and Cleveland blvd., provides over a half million square feet of floor space in the main building.

FABRICATION OF STEEL BARRELS at the Nesco Steel Barrel Co., associate industry of the old National Enameling and Stamping Co. which continued in operation after the Nesco firm was liquidated in the 1930's. Nesco Steel

Barrel Co. occupies the series of buildings in the southern section of the old Nesco plant. It is one of several manufacturing industries that remain in the old plant facilities.

HUBBELL METALS CO., like Nesco Steel Barrel Co., purchased its site at the old Nesco plant and now manufactures aluminum products. Here employees in the back

ground package aluminum stripping. The buildings occupied by Hubbell Metals Co. is to the west of the main plant.

VAST FLOOR SPACE in the old Nesco plant, now the Granite City Industrial Center, provides ample storage and warehousing space for firms and businesses. Here is combined storage from Hubbell Metals Co., Owens-Illinois

Glass Co. and the U. S. Government. In one section of the plant is complete equipment, in storage, for beginning immediate manufacture of 90 mm. shells.

BROCKUS MACHINE WORKS is the latest addition to the family of industries and businesses occupying the Granite City Industrial Center, formerly the Nesco plant. Machinists are working here on ends for railroad cars in

quarters leased by the machine company to provide ample room for such work. The Industrial Center building has approximately a half million square feet of floor space in the main building.

Bend Rd. Man Trampled By Frightened Horse

Clarence Mains, 35, of 900 Bend road, escaped serious injury Thursday afternoon when he was trampled by a frightened horse, which had become entangled in barbed wire. He sustained abrasions to the abdomen and both legs, a twisted left knee and numerous bruises. He was treated at St. Elizabeth Hospital and released.

Mains said the mishap occurred as he was leading the horse through a gate and it caught its legs in a barbed wire fence. The animal reared, knocking him down and trampled him before he could get away.

\$56,000 Allocation For GC Army Depot

An allocation of \$56,000 federal tax funds for the Granite City Army Depot to install a portion of new sewer lines was approved last week in Washington by the House Armed Services Committee. The amount was part of a \$226,000 allocation for military construction in Illinois.

The depot is to relocate a number of sewer lines to connect with the city sewer system that will lead to the new sewage treatment plant under construction at the depot.

Damaged in Madison

Autos driven by Marie C. Boyd, 43, of 1122 Madison avenue, Madison, and Floyd H. Corbett, 62, of 1918 Sixth street, Madison, were damaged at 7:20 a.m. Friday in a collision at Sixth street and Madison avenue. Madison police said the Boyd car was headed north on Madison avenue and the Corbett car was driving west on Sixth street when the mishap occurred. Both cars were damaged extensively.

Barking Dogs Complaint

Police were summoned about 8 p.m. Friday to the 1900 block of Joy avenue where residents were complaining about the loud noise of barking dogs that were tied to a tree. Humane Officer Albert Young also was summoned, and the owner was advised either to quiet the dogs or be arrested. There was no arrest.

Crash on St. Clair Ave.

Involved in a collision Friday evening in the 1900 block of St. Clair avenue, were autos driven by Judy Fautsch, 1908 St. Clair avenue, who was going east and making a right turn into a driveway, and Wayne Eugene Weiler, 2816 National avenue, who was traveling east. Police said Weiler's auto struck the right side of the Fautsch auto.

GC 'Project Head Start' Planned in Six Centers

Arrangements for conducting the Granite City phase of "Project Head Start"—a program of pre-school training for underprivileged children—were being completed today with plans for conducting classes in six locations.

The program which will be carried out with funds obtained by the recently organized Madison County Economic Opportunity Commission will be open to underprivileged children five years of age who have not yet attended school but will enter kindergarten next fall. Classes will begin July 6 and continue through Aug. 23. Those who qualify will attend classes three hours each day, Monday through Friday.

The program will be concentrated upon the emotional, physical and psychological development of the individual child. Dental and physical examinations will be given early in the program and milk and crackers will be available to the young-

sters. Excursions or field trips will be planned that will add to the growing knowledge of pupils of this age group. Enrollment will be limited to 15 children per class.

The Granite City program will be administered by Raymond Jones, acting principal of Prosser school, assisted by certified primary grade teachers from the Granite City Community Unit school district. One teacher and a teacher's aid will be used at each of the six centers.

The centers will be located at the Kirkpatrick Homes Recreation Center, Logan, Washington, McKinley, Emerson and Mitchell schools.

The personnel working in the program will attend a special class at SWIU in East St. Louis for a week beginning June 21. Volunteers, groups as well as individuals, will be needed to aid in the program. Persons wishing to contribute time to the program have been asked to get in touch with Mr. Jones.

Driver Adjusts Mirror —Three-Car Pileup

Three autos were damaged about 5:45 p.m. Friday in a pileup on Niedringhaus avenue between Madison avenue and Iowa street, as a teenage motorist was adjusting a mirror on his car. All were eastbound.

Police said the autos of Carol Ann Lisa of 2909 Maryville road, and Prins A. Bertacchi, 2305 Jordan avenue, were stopped and that the auto of John J. Boswell, 2143 Washington avenue, hit the rear of the Bertacchi auto, knocking it into the Lisa machine.

Boswell, 18, told police he was adjusting the mirror of his auto and did not notice that the other cars had stopped.

Rites Held Today for Mrs. Grace Doran, 63

Funeral services were held in Granite City this morning for Mrs. Grace Doran, 63, of 522 South Morrison street, Collinsville, a former resident, who died at noon Thursday in St. Mary's Hospital, East St. Louis. Burial was in St. John cemetery.

Mrs. Doran was the mother of Roy Doran and Wilson Morris, both of Granite City, and three daughters, Mrs. Mary Allen of Eagle Mount, Calif.; Mrs. Lois Clark, Belleville; and Mrs. Mae Harris, Collinsville. She also is survived by three sisters, Mrs. Viola Phillips and Mrs. Lulu Green of Granite City and Mrs. Leona Kennedy of Christian, Ky., 13 grandchildren and three great-grandchildren.

International Exercise

Seaman Richard L. Whitehead, USN, son of Mr. and Mrs. Homer L. Whitehead, 1021 Grand avenue, Madison, participated in an international exercise called Operation Fairgame III in the central Mediterranean and on the island of Corsica while serving aboard the attack aircraft carrier USS Shangai-LA.

Auto Sideswiped

Claude Bowman, 5253 Lakeview drive, reported to police Friday night that his auto was sideswiped by a 1958 or 1959 auto at the 20th street and Madison avenue intersection. He made the report at 11:15 p.m.

Charged With Speeding

David Hastings, 4708 Kirkpatrick Homes, was arrested about 3:15 a.m. Saturday on a charge of speeding at Franklin and Cottage avenues. He is to appear for a hearing June 10.

\$378,272 Public Aid For 7471 in County

Public aid in Madison county amounted to \$378,272 for 7471 persons during March. It was reported today by the Illinois Department of Public Aid at Springfield.

The greatest amount of assistance paid in the county was \$207,215 for 4965 dependent children, and \$36,967 went to 1023 persons for general assistance.

Other types of aid payments were \$83,881 for 929 persons receiving old age assistance, \$37,320 paid to 439 disabled persons and \$3894 paid to 47 blind persons.

Training at Great Lakes

Seaman Recruit Virgil P. Wall Jr., 18, USN, son of Mr. and Mrs. Virgil P. Wall of 918 Grand avenue, Madison, has begun nine weeks of Navy basic training at the U.S. Naval Training Center, Great Lakes, Ill.

Trucker Fined \$100

William R. Murphy, Lemay, Mo., was fined \$100 and costs Friday by Magistrate Merin Hiscott on a charge of operating a truck without authority. He pleaded guilty.
